

Cut away the selvage fabric from the edges of the embroidery when all the stitching is done.

The chart has a flap with a Buttonhole edging at the top of it so you can sew it to the back of the blue cloth. Then the flap is placed over the rod of the hardware to hang from it. Adjust that flap chart to fit your hanging hardware rod by length and width.

Supplies

This design is 90 stitches wide and 267 stitches plus extra inches long. Each grid on the main chart represents two fabric threads.

I used 32 count Antique Ivory Linen, and the liner is 32 Count, any color will work for the liner. I matched a color on the embroidery that I liked for the blue liner and used matching or complimentary like 932 #8 Perle Cotton for the Buttonhole stitches on it.

Stitch Symbol	Thread DMC
Pink Block	225
Dark Pink	3833
Butterfly/Moth bodies, light green	369
Green boxes	368

----- **319 All the stems and all the letters are Back stitched with 319.**

Daisy is Back stitched with 368

Daisy
